

Instruction to Authors

About the Journal

The Nigerian Journal of Neuroscience is a publication of the Neuroscience Society of Nigeria (NSN) and publishes research papers in the broad field of Neuroscience. Research papers on the entire nervous system with at least three experiments will be considered. Review and Invited articles will be initiated by the Editorial Board. The journal will consider publishing full paper of oral and poster presentations at her annual conferences. The Journal will endeavour to process manuscripts from the time of receipt of submission to publication within the minimum possible time. Authors are advised to follow the instructions for submission to minimise delays in the publication process. The frequency of publications will be at least one volume per year. Each volume may have additional Issues depending on the number of accepted manuscripts after the peer-review process.

Papers are accepted for publication on the understanding that they have not been published and are not going to be considered for publication elsewhere. In the cover letter, authors should certify that neither the manuscript nor its main contents have already been published or submitted for publication in another journal.

Papers accepted for publication becomes a copy right of the Nigerian Journal of Neuroscience, and authors will be asked to sign a transfer of copyright form. Articles cannot be published until a signed copyright form has been received.

Journal Format

The manuscript should be written in font size 11 and double-spaced using Arial font type. Only e-copies of the manuscript are accepted. A4 paper e-copies, with margins 30 mm is accepted for submission. The quality of the images (if any) must meet the standard of the journal and must be editable. All pages should be numbered consecutively in the bottom right corner beginning with the title page. Indent new paragraphs. Groupings for the experiments must be named (i.e "groups 1, 2 or A, B" is not acceptable. Rather it should be control,

X and Y groups) depending on what the research entails. All manuscripts must be written in British English.

Submission and Fees

Only e-copies of manuscripts is acceptable, and submitted online through the journal website or sent as an e-mail attachment to editor.njn@gmail.com. A cover letter should accompany every manuscript. The pages (except figure pages) should be numbered in sequence, starting with the title page. All submitted manuscripts must be accompanied with a statement of ethical board approval for the study in the Materials and Methods section. A processing fee is payable on acceptance for publication of each submitted manuscript. Once a paper is reviewed and accepted, a publication fee will be charged and payment received before the paper is published. These fees will be determined by the Editorial Board from time to time. Authors are kindly requested to confirm the current submission and publication fees before submission of manuscript.

Title Page

The title should be concise with 15 to 20 words. This should be accompanied by a short title of not more than 50 characters (including spaces). The Names of Authors and Institutional affiliation should be provided. The format for author's names should be first name, middle name (if any) and surname. The name, contact address, e-mail address and phone number of the corresponding author should be clearly indicated.

Abstract

The abstract should be double-spaced single continuous paragraph, and not longer than 250 words. This should include an introductory sentence, the aim of the study, brief summary of materials and methods, results of significance and conclusion. The abstract should not contain any reference, table or figure and any undefined abbreviations. A maximum of six keywords should also be provided.

Manuscript Proper

The manuscript should contain the following sections/subsections: Title page, Abstract page, Introduction, Materials and Methods, Results, Discussion, Conclusion, Conflict of Interest, Acknowledgements and References in that order.

Paragraphs and Headings

Each paragraph should be longer than a single sentence but not longer than one manuscript page. The levels of headings should accurately reflect the organization of the paper. All headings of the same level should appear in the same format.

Abbreviations

Unnecessary abbreviations should be eliminated and any necessary ones explained. Abbreviations in tables and figures should be explained in the table notes and figure captions or legends.

Statistics

All Greek letters especially the most common mathematical symbols need to be identified on the manuscript. All non-Greek letters that are used as statistical symbols for algebraic variables should be in italics?

Units of Measurement

The journal adopts the International system of unit (SI) or the metric system except for measurements of time, which have no metric equivalents.

References

All references should be cited both in text and in the references list. Only published or 'in press' articles from journals, books, published reports should be listed. The journal citing and referencing is the Harvard style. References should be cited in the text by name and year in round parentheses with no punctuation between, for example (Daniel and Vincent 1997).

All in-text citations should be listed in the reference list at the end of manuscript. Papers should be listed in alphabetical order. The cited journal titles should be written in full.

Tables and Figures

Tables and figures are to be incorporated within the manuscript as close as possible to where it is first mentioned. Only one table or figure(s) per page. Every table column should have a heading. Only the top, second and last horizontal line should be in the Table. All vertical table lines should be omitted. Each figure must be labelled with the correct figure number and short title (figures for a particular experiment should be grouped together as one differentiated by letters).

All figures and tables mentioned in the text must be numbered in the order in which they are mentioned. The acceptable file formats for Figures is the jpeg. The Editorial office may request for a TIFF format of a figure after the paper is accepted. Greyscale must be a minimum of 300 dpi.

Permission to used published Material

It is entirely the responsibility of the authors to obtain permission from other journal publishing houses to use copyrighted materials. The Nigerian Journal of Neuroscience retains the copyright of all published articles.

Advertisements

The Journal will publish advertisements from Corporate Organisations in the private sector and Government Departments.

Enquiries on advertisement should be directed to the Managing Editor.

Subscriptions

Individual Members: ₦1000

Non-Members: ₦1500

Institutions: ₦2000

International: \$30

Once a manuscript is accepted for publication, Proof of the manuscript will be sent to the author for final corrections before publication. At this stage no further major revision will be allowed, or the authors incur an additional cost. Addition of authors will no longer be accepted. After publication a pdf copy will be sent to the corresponding author.
